In an industry where presentation and customer service are everything, we are proud to have grown organically, through customer word-of-mouth, one chef, GM or hotelier to another, confident that Front of the House® products reflect remarkable craftsmanship, durability, and value.

With the current changes in our Hospitality and Foodservice Industries, Front of the House® is committed to providing our partners with products to ensure they can continue serving their communities safely. With that, we launched FOH Health Essentials™.

As a minority and family owned business, we have also faced hardship from this health crisis. As an organization that is known to pivot quickly to meet our customer’s needs, we know that offering re-opening solutions will bring immediate and lasting benefits to our customers and the people they serve and help support our industry.

M.I.S.T.™ Foggers

Our easy to use Foggers disinfect large areas and surfaces quickly & cost-effectively. ULV (Ultra Low Volume) Foggers quickly disinfect entire areas, unlike electrostatic sprayers, which are directional and surface specific.

Our Foggers are the most cost-effective delivery system on the market - comparatively inexpensive and reduces product usage by dispensing disinfectant droplets as small as 10 microns.

The universal voltage cord ensures the fogger will never need charging, lose power mid-project, or deliver inconsistent droplet size due to low battery.

FOH® warrants the M.I.S.T.™ Fogger to be free from manufacturer’s defects for one (1) year from the date of purchase. Damage due to negligence, abuse, misuse, accident, or alteration will void the manufacturer’s warranty, as will using any product other than M.I.S.T.™ Disinfecting Solution in the M.I.S.T.™ Fogger.
