STELLARVOLT™ INDUCTION SOLUTIONS

WHY YOU'LL *LOVE* IT

Ultra-Efficient Power Usage

Maximize energy savings with smart designs that increase the number of chafers on a single circuit to significantly reduce energy costs.

Precision Heating Control

Maintain optimal serving settings with enhanced heat management and automatic temperature adjustments.

Innovative Designs

Advanced technology enhances reliability and ensures ease of installation and use while maintaining superior performance.

Durable Construction

Unlike traditional induction heating, select fanless units prevent smoke and steam infiltration, protecting internal electronics for enhanced durability and reliability.

STELLARVOLT™ AUTONOMOUS INDUCTION COOKER

stone

NEW *collection*

AUTONOMOUS INDUCTION COOKER

Single battery operation for convenient, cordless performance.

Powerful performance for up to 6 hours of continuous warming or 1.5 hours of cooking with each Autonomous Battery.

Extended operation for up to 48 hours of warming or 6 hours of cooking when paired with our StellarVolt™ Lithium-Ion Battery.

Maintains consistent temperature for reliable warming and cooking performance.

Scratch resistant surface in matte finish delivers a modern appearance while withstanding daily commercial use.

Automatic safety shutoff helps prevent overheating and protects internal components.

1 year warranty provides assurance of reliable performance and quality.

BATTERY

Integrated BMS (Battery Management System) optimizes battery performance while protecting against overcharge, over-discharge, and overheating.

4.5 hours charge time.

Battery level indicator provides clear visual reference of remaining charge status.

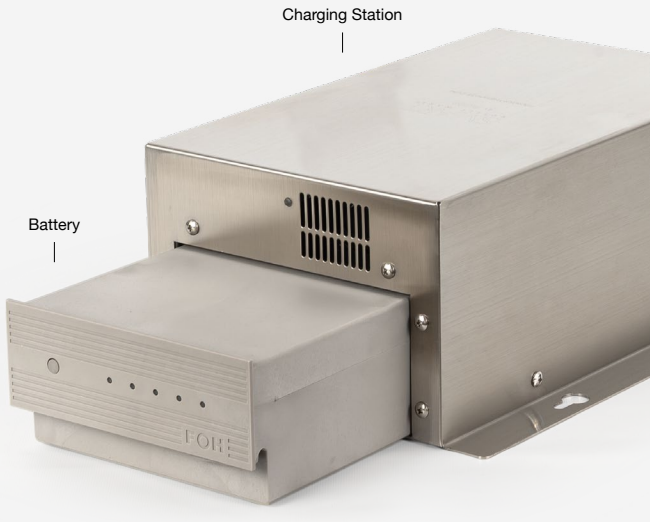

Recessed handle allows for comfortable grip and easy handling while maintaining a clean profile.

CHARGING STATION

Wall-mount brackets for secure installation or stable countertop placement.

Durable, corrosion-resistant material suitable for commercial environments.

1 year warranty provides assurance of reliable performance and quality.

STELLARVOLT™ AUTONOMOUS INDUCTION COOKER - **NEW**

Designed with wall-mount brackets for secure installation or stable countertop placement

STELLARVOLT™ INDUCTION WARMERS

Operates at an average of just 94 watts each, powering up to 16 chafers on a 20-amp circuit, and daisy-chain up to 4 warmers on a single AC plug and up to 3 on DC battery.

Precision thermostat with adjustable settings ranging from 150°F (66°C) to 210°F (99°C) for accurate temperature control, empty pan detection, and overheating protection.

Power boost mode delivers full power for 40 minutes before automatically adjusting to hold at 170°F (77°C).

Fanless design prevents smoke and steam infiltration, protecting the electronics for enhanced durability and reliability.

Features a changeable 6-hour auto-timer, adjustable in 1-hour increments from 1 to 24 hours for customized operation.

Solid cast aluminum body ensures rapid heat distribution for optimal performance

STELLARVOLT™ LITHIUM-ION BATTERY SYSTEM

WHY YOU'LL *LOVE* IT

Proprietary Battery Management System

Maximizes efficiency, preserving battery health for up to 10 years.

Efficient power restoration

Battery fully recharges in just 4 hours.

Wall outlet compatible

Easily plug into a standard wall outlet for simple installation and operation while maintaining superior performance.

Powers up to 2 Eco Trolleys

Powers 1 Eco Trolley for up to 16 hours on a single charge when used with 3 of our induction chafers. Powers 2 Eco Trolleys for up to 7 hours on a single charge when used with our chafers, ensuring reliable performance.

ECO TROLLEY

WHY YOU'LL *LOVE* IT

Flexible Eco Box Surfaces

Outfit your trolley with hot, cold, action station, carving, or neutral box options and swap them out anytime to match your service needs.

High-Quality Construction

Designed with sturdy frames that blend durability with a refined aesthetic, making trolleys ideal for any event or hospitality setting.

Flexible Power Options

All trolleys include AC plug-in power and supports the **optional** StellarVolt™ Lithium-Ion battery, which powers three induction warmers for up to 16 hours.

Versatile Temperature Control

Use induction heating for hot dishes and cooling solutions for chilled items simultaneously for maximum versatility.

Maximum Functionality

Designed to fit seamlessly into standard elevators, featuring durable casters for stability and balance.

ECO SYSTEM TROLLEY

Adaptable Eco Boxes
allow for undersurface induction warming, action station cooktops, cooling, or chilled surfaces.

Included bridge
to connect two trolleys, providing extended display space.

High-quality 5,000 lb casters
ensure smooth and easy movement in tight spaces.

Locking mechanism
prevents accidental movement during use for stability and safety.

Sturdy stainless steel frame
complemented by modern ash wood for a refined look.

CHAFER COLLECTIONS

WHY YOU'LL *LOVE* IT

Seamless Functionality

Innovative details like tempered glass lids, ergonomic front handles, food pan lift tabs, and more provide for efficient, simple operation.

Optimized Performance

Magnaclad™ combination of our proprietary construction techniques, and advanced induction technology, deliver superior heat distribution.

Easy Storage and Mobility

Stackable items and efficient trolleys make storage and transport effortless, while high-quality materials ensure long-lasting performance.

Versatile, Modern Options

Our chafer collections feature clean lines, premium durability and construction, and a range of styles, shapes, and sizes to complement any buffet setup.

Replaceable Parts

Easily replaceable parts help extend product life, simplify maintenance, and keep chafers performing reliably for years of continuous service.

T-COLLECTION

matte black & silver

Highest-quality
18/10 stainless steel.

Tempered convex glass lid
for viewing contents.

Insulated, molded handle
provides easy and safe operation and an ergonomic grip.

Magnaclad™ combination
of our proprietary construction techniques, and advanced induction technology, deliver superior heat distribution.

Stackable stand
saves space for convenience and easy storage.

Optional transport trolley
provides easy mobility and storage, enhancing operational efficiency.

1. True stop-motion hinge
keeps lid securely open at any angle, with a fixed stop at 90°.

2. Leveling foot
ensures stability, preventing tipping whether surface-mounted or used with a riser.

3. Water recirculation system
maintains food moisture and reduces refill frequency.

4. Adjustable hinge
The hinge, secured with two pins for quick adjustment and easy cleaning, provides lasting reliability and is lab-tested up to 500k openings, far exceeding industry standards.

CHAFER TRANSPORT TROLLEY

Designed & engineered
for easy transport on all surfaces like carpet, tile, brick and cement.

Non-marking casters
support up to 5,000 lbs, ideal for heavy-duty daily use.

Resistant to wear and tear,
ensuring reliability under high stress, built for long-term performance.

Bumpers protect the trolley and surrounding equipment from damage, especially in high-traffic areas.

Rubber deck
is resistant to stains and liquids, making it easy to clean. Non-slip surface keeps chafers and crates securely in place.

Compact storage,
minimizing the space needed to store chafers.

Individually customized with durable foam to snugly secure your chafer investment

All crates fit on the Chafer Transport Trolley

Chafer Storage Crate
28.25 x 21 x 15.5 in | 71.5 x 53.4 x 39.4 cm

DOMINO BUFFET SYSTEM

Domino is a flexible modular buffet system with components that interlock or stand alone. Made from durable 18/10 stainless steel, it offers tool-free height adjustments and heated options powered by StellarVolt™ Induction Warmers. Base modules come in three sizes and stack for custom high-low displays.

WHY YOU'LL *LOVE* IT

Customizable Configurations

Create cohesive buffet stations for hot, cold, beverage, and dry food service using interchangeable and connectable modules. Configure each station to support your specific menu, service style, and room layout.

Space-Saving Design

Engineered for effortless storage and mobility. Stackable components and integrated magnets optimize space efficiency and enhance stability.

Enhanced Maintenance & Durability

Crafted from 18/10 stainless steel and durable, eco-friendly acacia wood, Domino is perfect for high-traffic hospitality environments.

Smart Induction Technology

Precision thermostat keeps food at ideal temps (150–210°F) with auto-adjust safety. Fanless design prevents smoke and steam infiltration, protecting electronics for greater durability.

Foundation

1. Legs attach with easy lock & unlock system.
2. Use legs to add height and link multiple Domino stands together.
3. Build your Domino display by connecting stands and adding components.

Induction

1. After building the stand, place the magnetic wooden platform on top of the base. The magnets hold the chafer safely in place
2. Insert induction through the hole in the platform.
3. The stand is now ready for induction warming and the stand can be attached to other induction stands to create a unique look with height and depth.

Induction - Artisan

1. After building the stand, place the wooden platform and induction ring on top of the base.
2. Insert induction through the hole in the platform.
3. Place the anti-skid pad on top of the induction, (necessary for Artisan Chafers).
4. The stand is now ready for induction warming with Artistsan Chafers.

Cooling

1. After building the stand, place a cold pan inside.
2. Place 2 ice packs inside the cold pan.
3. Place trays or bowls on top to complete the cold set up.

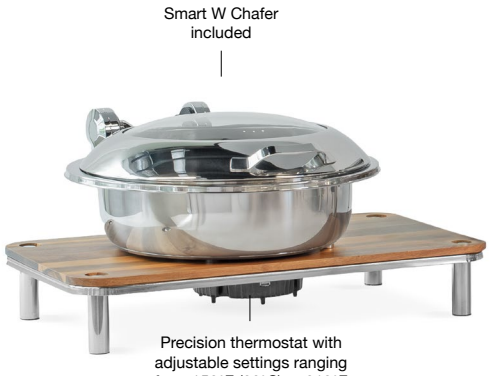

DOMINO SYSTEM STARTER SETS

The Domino System offers limitless configuration possibilities, giving you the freedom to design a setup that fits your space and service style. To make getting started easy, we've curated a collection of our most popular configurations into ready-to-use sets. Each set gives you a great starting point. Choose the configurations that fit your buffet service today and continue building as your needs grow.

Need guidance?

Schedule a live demo with our buffet experts.

STELLARVOLT™ INDUCTION & 6.5 QT ROUND CHAFER SETS

DOMINO BUFFET SYSTEM COMPONENTS

The Domino System is designed to adapt to your vision. Mix and match component pieces to create custom configurations tailored to your space and service needs.

In addition to complete Domino Sets, you can build unique combinations using the components featured on the following pages.

All components that come into contact with food are dishwasher safe for easy cleaning and maintenance.

DOMINO SYSTEM - STELLARVOLT™ INDUCTION HEATING SETS

HEAT LAMPS & CARVING STATIONS

WHY YOU'LL *LOVE* IT

Heating Control

Heat lamps provide consistent heating for optimal food temperature, available in single and double lamp options.

Optimized Performance

Designed for standalone use or seamless integration with carving stations, heat lamps offer exceptional flexibility for buffet configurations.

Efficient Heating

Crafted from premium 18/10 stainless steel and food-safe HDPE with dishwasher safe components, our carving stations are easy to maintain.

Storage Efficiency

Stackable carving stations optimize storage space, and modular elements seamlessly integrate with other collections to create a cohesive buffet setup.

Removable Drip Trays

Integrated drip trays capture excess juices and grease, keeping the area clean and simplifying maintenance.

Daisy-chain up to 7 Single Heat Lamps from a single power source (Silver only)

COFFEE URNS

WHY YOU'LL *LOVE* IT

Premium Durability

Commercial-grade 18/10 stainless steel construction offers superior resistance to scratches and wear to reduce replacement costs.

Temperature Retention

Heat-resistant spigots ensure beverages stay at the ideal temperature when used with canned fuel or induction warmers.

Versatile Capacity Options

Available in 1-gallon, 3-gallon, and 5-gallon sizes to meet a range of service needs, from small spaces to large events.

Ease of Maintenance & Use

Detachable components simplify cleaning and upkeep, and ergonomic handles provide effortless, safe transport for busy hospitality settings. Optimize transport and storage with our customized Storage Crates.

BEVERAGE & DRY FOOD DISPENSERS

WHY YOU'LL *LOVE* IT

High-Quality Materials

Cast in seamless, BPA-free solid acrylic with durable 18/10 stainless steel components to ensure leak prevention, durability, and a polished presentation.

Dynamic Designs

Available in a variety of sizes and styles, including options with infuser cores, wood, or powder-coated steel accents to suit all aesthetics.

Various Capacity Options

Featuring a range of dispenser sizes to provide maximum versatility and accommodate service needs for any hospitality setting.

Clean & Convenient

Touchless and standard spigot options, easy-to-clean detachable faucets, and built-in drip trays and crumb catchers facilitate buffet maintenance.

Universal Spigot

Highest quality parts, universal to all Smart Buffet Ware® dispensers, provide worry-free maintenance and cleaning.

COUNTER DISPLAYS

WHY YOU'LL *LOVE* IT

Modular Designs

Configurable components, stackable units, and multi-tier displays all seamlessly integrate hot, cold, and ambient temperature displays.

Temperature-Controlled

Solutions featuring integrated cooling, ice pans, or neutral displays for items that don't require temperature regulation.

Durable & Hygienic

Crafted from stainless steel, durable acrylic, and other easy-to-clean materials for long-term use and food safety compliance.

Versatile Styles

Counter displays are available in trend-forward finishes that seamlessly match other collections, including matte, glossy, and wood grain.

SNEEZE GUARDS

WHY YOU'LL *LOVE* IT

Strong Construction
Crafted from 18/10 stainless steel and shatter-resistant tempered glass for lasting durability, enhanced safety, and exceptional clarity.

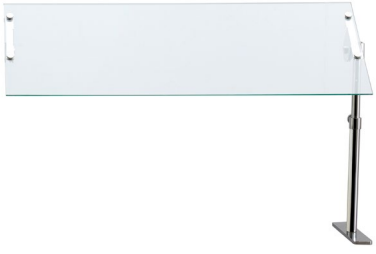

Versatile Hygiene Compliance
Available in free standing and single leg options, with adjustable heights for optimal coverage of a variety of food displays.

Adjustable Glass
Adjust the angle and height of glass to your needs.

Scalable Design
Add 1 Leg Extensions as needed to increase your hygiene coverage.

39.25" x 12.5" Sneeze Guard - 2 Legs
39.25 x 12.5 x 24.5 in | 100 x 32 x 62.5 cm
