# re.WARE®

Born from a vision to create a high-performance material while reclaiming plastic waste from waterways, *re.WARE*® gives recycled PET bottles a **second life** and a purpose that supports our planet.

*re.WARE*® resists fading, cracking, warping, and staining, even with rigorous commercial washing, delivering lasting durability without compromise. PET is the most widely recyclable plastic and can be easily recycled at the end of its service life, ensuring its journey contributes to a smaller waste footprint.

After use, *re.WARE*® is recyclable under category #1.

# re.WARE®

Engineered to meet the needs of sustainability-focused operations, *re.WARE*® is showcased in the Onda™ and Lima™ collections.

RECYCLED FROM  
WATER BOTTLES

BPA, PHTHALATE,  
& PFAS-FREE

SUSTAINABLE - re.WARE®

LIMA™  
*shell*

Shell brings a versatile, neutral tone that complements any space with durable, easy-care pieces. Its matte finish, chiseled texture, and chic design draw inspiration from Lima's layered identity. Each piece displays the number of bottles used in its creation, making sustainability part of the story.
